

Photography Use Policy

Samford Amateur Swim Club (SASC) is committed to providing a safe and fun environment for its swimmers and members.

We appreciate that registered swimmers, parents, family members, friends, guardians, and carers may want to capture memories of swimmers participating. We ask that you please ensure:

- Location – ensure you are in a location you are permitted to be in (i.e., not in a restricted area impacting swim meet operations).
- Official Photographer – do your best to avoid impacting any official meet photographer.
- Privacy – try, as best as possible, to only photograph your child, unless you have permission to photograph other children.
- Appropriateness – please consider where you are taking photos. (i.e., do not take photos in bathrooms, change rooms, showers etc)
- Image use – do not publicly distribute photos or post an image unless you have the express permission (preferably in writing) of the parent/guardian of any other children).
